

May 26, 2011 - Students in the fourth through eighth grades participated in the first ever Spring Sing at Leonard ISD last week. The students are choir members and were encouraged to get in small groups and put together performances for the event. Pictured are (above left) a group of girls as they provide choreography for a song with a cup routine, and (above right) a performance to the Bobby Darin classic "Splish Splash". - Ava Barlow staff photos
