March 31, 2011 - After fifteen years of service to the Celeste Independent School District, Superintendent Collin Clark has decided to further his career by accepting the superintendent position at Cameron ISD.

To celebrate his many years of exemplary leadership and dedication to the students and staff of Celeste Independent School District, a reception was held in his honor on Sunday, March 27, in the Celeste High School Dining Hall. CISD School Board President Jeffery Baber presented Clark with an engraved plaque, framed picture and gift card from the CISD faculty and staff.
